**– ‘*Dragon Ball Z: Budokai Tenkaichi 3*’ Game Coming to Europe this Winter  
for Wii and PlayStation®2 –**

LYON, FRANCE – 8 June 2007 – Atari today announced that NAMCO BANDAI Games’ *Dragon Ball Z: Budokai Tenkaichi 3* for Wii and PlayStation®2 is coming to Europe. *Dragon Ball Z: Budokai Tenkaichi 3* combines the lightning fast fighting and action that have made Budokai Tenkaichi 1 and Budokai Tenkaichi 2 the #1 fighting games of 2005 and 2006. Developed by NAMCO BANDAI Games Inc. / Spike, and distributed in Europe by Atari, *Dragon Ball Z: Budokai Tenkaichi 3* is scheduled for European release in winter 2007

*Dragon Ball Z: Budokai Tenkaichi 3* delivers an extreme 3D fighting experience, improving upon last year’s game with over 150 playable characters, enhanced fighting techniques, beautifully refined effects and shading techniques, making each character’s effects more realistic, and over 20 battle stages. In addition, an improved control system for the Wii will allow players to more easily mimic signature moves and execute devastating energy attacks as they are performed in the Dragon Ball Z animated series.

This is the ultimate chapter in Budokai Tenkaichi series with over 20 new characters that have never been seen in any other DBZ video games such as Nail, King Cold and King Vegeta and battle stages that fans will love. Each year, the developers refine the game to bring fans closer to feeling like they are actually playing the show.

In addition to the unprecedented number of characters and improved Wii control system, the environments have also been enhanced to feature day and night stages. The power of the moon in the night stages gives players additional ways to transform their characters and lets fans recreate some of their favorite memories from the show.

The immensely popular *Dragon Ball Z* series is the gold standard of anime-based video games, with more than 25 different games and over 10 million units sold since May 2002.

*Dragon Ball Z: Budokai Tenkaichi 3* is set for release this winter 2007. For more information on *Dragon Ball Z* video games visit [www.dbz-videogames.com](http://www.dbz-videogames.com).
